I have a few items to address in the modeling section which I plan to tackle today.

Thanks Laurel from the update from your end.

All – Please let us know when the section is ready for our review, it's not clear to me who has the lead in wrapping up the outstanding unanswered comments.

Also copying Dee/Scott here, as I'm not sure who is acting for Carl this week, and perhaps they can help here.

Attached is the current version of this section as it exists on max.gov this morning.

Thanks,

**Subject:** WY RH FR notice - let us know when modeling section is ready for ORC review

Hi All

At this point our office has reviewed all the sections of the FR notice, with the exception of the modeling section.

Please let Steve and I know when the modeling section is ready for us to review, and depending on our schedules, one of us will review. I just checked it a few minutes ago, and note that it does not appear complete.

We will certainly do what we can to meet the 12/4 deadline for all the sections to go to regional management/OAQPS/OGC for review, however, since we haven't yet reviewed that section, it's a challenge to commit to that deadline.

Thanks,

**Sara L. Laumann**
